

PW PAPER BLUEBACK 125 MATT

matt 3290, 125 g/m²

Matt, blueback poster paper for high-speed inkjet systems

PW Paper blueback is optimised for the production of large print volumes on high-speed inkjet systems. The wet-strength of this paper makes it ideal for commercial digital printing applications with aqueous inks. Thanks to the exceptionally high opacity of its blue dyed backing, this poster paper is particularly suitable for outdoor applications and billboards. Reliable drying and processing properties enable problem-free production.

Advantages

- Blueback for high opacity
- Less than 3% expansion in soaked condition

General tips

To maintain the high quality of the paper, it should be stored and converted in a climate of 30 – 65 % relative humidity and at a temperature of 10 – 30 °C (50 – 86 °F)

Physical data

Name	Value	Norm
Weight [g/m ²]	125	ISO 536
Thickness (paper) [µm]	165	ISO 534
Whiteness, CIE D65/10°	122	ISO 11475
Chromaticity (D65/10°)	L* 92 / a* 2 / b* -9.0	DIN 6174
Opacity [%]	> 99	ISO 2471

Technologies

Properties

The values stated above are only for orientation. Before using our print media please check its compatibility for your printer and the intended application. We cannot be held responsible for any mistakes resulting from technically modified printers and/ or inks. Product design changes to our products technical developments may be carried out without prior notice.
